Make new friends – or reconnect with old ones

Showbags and give-aways

Lunch included (most trips)

**Make new friends
– or reconnect with old ones**

We keep you connected to the people and things you love. We get you there and keep you safe. We can keep you moving when your mind is saying yes, but your body is saying no!

Visit the doctor, the theatre, your church, your family. Go out alone or with a group.

Talk to us about what you want, and what you need – just the transport, a set of eyes ‘just in case’, or someone to be with you throughout the journey.

We match trained helpers to your needs. Our helpers can act as group guide on an outing, or provide one-on-one help at the supermarket, hospital appointment, grandchild’s baptism, animal sanctuary visit, or relaxing river cruise.

We’re here to help – according to your needs.

Just the transport – or all the assisted transport help you need.

LINK is a not-for-profit community based social enterprise.

LINK’s purpose is to help you remain safe, happy and healthy in your own home – living well – connected to services and community.

Living well at home needs a village of support. LINK connects you to an Integrated Community of Care of volunteers, services, transport, health systems, outings, and friendships.

Care at home is more than what happens within four walls. It is the small things as well as the big things. Someone to share a meal with, or someone worth going for a walk with. Help getting out of the house with friends, or help through the confusing maze of a hospital visit.

LINK looks after the every day basics. We provide the ever changing fit-for-purpose services you need to be the best you can be throughout a 30 year journey from active retirement onwards.

We’re here to help.

Something special just for you!

Our staff are here to help – across Melbourne – in over 25 languages.

LINK is quality and LINK is care – because you deserve the best whether you’re eligible for financial assistance, or paying your own way.

LINK is here with the help you need to keep doing what you love to do.

**Have an idea for an outing?
We’d love to hear from you!**

LINK acknowledges the traditional custodians of country throughout Australia and pay our respect to their Elders past, present and emerging. We celebrate the richness of diversity of everyone in our community, for all people in equal measure.

Client and Staff Safety

Your safety is our utmost priority. LINK is focused on providing a safe and caring environment when you travel with us, at our destinations, and as we get you safely back home. Our code of conduct for all clients, staff, volunteers and service providers has zero tolerance for any form of abuse or disrespect directed at any person, or any inappropriate behaviour or neglect of your needs. LINK is one family who look after each others needs. It is unacceptable for there to be any form of physical, sexual, or emotional abuse or discrimination of any kind directed towards any member of the LINK family... including you. If anyone or anything on one of LINK's services makes you feel uncomfortable, upset or frightened - or if there is any inappropriate behaviour directed to you or anyone else, please let us know. Your LINK outings hosts are there to keep you safe, and to help you with any problem that may arise. Every issue will be heard, and every issue will be addressed, so that you can feel safe, relax, and enjoy your time with us.

Outings Cancellation - Terms and Conditions

- Cancellations received at least 4 business days prior to the outing date will be fully refunded.
- Cancellations received between 2 and 4 business days prior to the outing will attract a refund of 50% of the fees payable, and a return of 50% of amounts that would be withdrawn from any annual funding allocations / packages.
- Cancellations received after 9am on the business day prior to the outing, or if you are not available at the allocated time of pickup for the outing will be charged the full fee payable (no refund).

**Come join the fun!
Everyone welcome!**

**If you liked
our service**

Support for Carers

LINK cares for carers too! Family, friends and neighbours are a vital and valued part of the care journey. It's part of LINK's job to support these 'informal carers' and 'hidden carers' to do fabulous work with love, and without stress. We provide carer support with information and navigation - services that keep you independent - and services that look after the carers themselves. Under the Victorian government Support for Carer's program we can take you, or carers on a number of free outings each year. Some call it respite care. We call it 'thank you for caring'. Ask your LINK service staff how your family and carers can make use of these services.

Wellbeing at home

Helping you remain safe, happy
and healthy in your own home,
connected to services and community

Garden Maintenance

LINK helps you to live well and live independently in your own home by supporting what you can do yourself, with help on the tasks that might be becoming more difficult over time.

Gardening services help you to keep up with the basic gardening maintenance that make your home a special place, and a safe place, that keeps you feeling good.

Our gardening crew provide services including:

- Mowing lawns and nature strips
- Whipper snipping and edging paths
- Raking and clearing leaf and tree litter
- Trimming shrubs and hedges
- Weeding and clearing garden beds
- Cleaning windows
- Clearing gutters
- Clearing dead foliage
- Clearing paths, or access to gas and electric meters
- and any other help you need by just asking.

We fit our service to meet our clients' needs. We address the areas where you most need help, and let you keep your independence with the items you like to keep doing yourself.

We understand that staying safe, happy and healthy in your own home is made possible by looking after the little things and the big things. We are here to help you maintain your independence, safety, accessibility, health and wellbeing in your home – maintaining an environment that promotes your wellness, joy and reablement goals.

We'll do our best to make sure little things are addressed while they are little, and aren't allowed to become bigger problems. Bigger issues might take a little longer! Where we can, LINK will try to help organise some of the bigger tasks in the garden that need doing to keep your home functioning well.

Special arrangements will be needed for tree maintenance, clearing dying or dangerous tree limbs, fixing guttering, fixing fences, clearing garages, sheds, building materials, old vehicles or hoarding issues, clearing overgrown gardens, or addressing fire or rodent hazards. It's harder to find funding support for the bigger stuff – but we'll help where we can.

LINK is here to help.

Wellbeing at home

Helping you remain safe, happy and healthy in your own home, connected to services and community

Assisted Transport

Doing normal every day things, and having the freedom to go where you want to go helps you maintain a vital connection with meaningful living, important appointments, and a calendar of simple pleasures to look forward to.

LINK's Assisted Transport service is a safe specialist service designed to get you where you want to go, help you do what you want to do, and to get you safely home again after.

LINK is a trusted service designed to give you peace of mind and the support you need to get out with confidence supported by a service that is here to look after you all the way.

- Medical appointments
- Family occasions
- Social outings
- Assisted shopping trips
- Wherever you want to go

LINK's helpers are trained to look out for you. They are encouraged to notice things around the house, or to look out for changes in your wellbeing. We might be the first people to notice something going wrong. Where we can, we will take steps to make sure you are alright and getting the support you need from the whole community of care – engaging with your family, carers and favourite health practitioners.

We understand that staying safe, happy and healthy in your own home is made possible by keeping you connected to the world outside, and the simple things in life that make you happy.

LINK is here to help. Call us now.

Just the transport, or as much help as you need

Wellbeing at home

Helping you remain safe, happy
and healthy in your own home,
connected to services and community

Supported Outings

Just the transport... or as much help as you need.

LINK's outings program is designed to keep people connected to community and social interaction regardless of their level of need. We are here to help.

Physical Support / Financial Support

- Every client has unique needs and interests.
- Each client may be eligible for financial support from Government, Council or other Programs - or may be able to pay their own way.
- Everyone should have equal access to stay connected, and participate in the fabulous life choices Melbourne has to offer.

LINK works with our clients, their families and carers to work out the best available support to help vulnerable people stay connected regardless of their level of need.

If funding support is required, LINK will help identify what Programs are available that you may be eligible for, and help to look after you under the terms of that Program. Each Program has different rules - and it can be a bit complicated! Some funding types are limited. Some are open ended. LINK's support team will help simplify things, and make the system work for the best way for you within the rules.

We are here to keep you active, engaged and enthusiastic - from active retirement through to high needs support. Everyone should have the opportunity to live their best life. We support people who can hop-on and hop-off and find their own adventure, through to people who cannot travel without carer support. BYO carer - or we can provide. From speed-walkers to wheely-walkers, from scooters to wheelchairs - we are here to help. Each person is supported according to their needs.

Custom Group Outings

If you are a member or organiser of a group - call our team to design a shared experience for your community to enjoy together. For 5 people, 50 people or 500 people. Go once. Go monthly. Go every week. We will design an experience for everyone in your community to enjoy at a price that works for you.
